CONFERENCE BROCHURE

The Africa Space economy, an emerging sub-sector of the global space ecosystem, highlights the economic potential of space technologies in driving socio-economic development. While regions like Europe, North America, and Asia have advanced rapidly in this field, Africa is still in the early stages, facing challenges such as limited awareness, infrastructure gaps, and the absence of robust policy frameworks. To address these challenges, the Africa Space Economy Conference and Exhibition was conceptualized by the National Space Research and Development Agency (NASRDA) and the Abuja Chamber of Commerce and Industry (ACCI). This platform fosters collaboration between governments, private sectors, innovators, and investors to drive growth in Africa's space sector. The maiden edition attracted over 350 participants, featuring impactful B2B sessions where participants secured valuable partnerships and deals. *A standout achievement was the exclusive access to Nigeria's next satellites granted to two participants of the first edition, demonstrating the real economic benefits of engaging in Africa's space economy.*

The second edition of the Africa Space Economy Conference and Exhibition, themed “*Space Economy and Emerging Market in Africa*,” aims to foster a dynamic platform for scientists, business leaders, and policymakers to explore the rapidly growing space economy in Africa. The conference seeks to drive discussions on harnessing space-based technologies for critical sectors, unlocking investment opportunities for startups and innovators, and expanding Africa’s participation in global space economy operations. By facilitating collaboration between local and international stakeholders, this edition will play a pivotal role in positioning Africa as a key player in the evolving space industry, leveraging innovation for sustainable economic growth with the following objectives:

1. To provide platform for scientists in sectors that are critically reliant on space-based services and business leaders to brainstorm space economy practice and applications in Africa.
2. Fostering innovation and stimulating interest in advancements in space technology.
3. To provide investment and business opportunities for innovators, startups and investors within and outside Africa.

PLATINUM PACKAGE

\$10,000

- Acknowledgement with logo on the Event Website
- Acknowledgement with logo on all promotional materials
- Logo and acknowledgment on all emails to potential exhibitors and visitors
- Acknowledgement in all pre-conference press announcement
- 36sqm Exhibition Stand in special reserved area
- Logos on Branded materials and giveaways
- Opportunity for promotional material at the conference
- 2-page Advert placement on the conference programme and catalogue
- Speaking opportunity during the conference
- Company executive interview
- Company advert on program brochure
- 10 Complimentary VIP delegates pass for the conference
- Visibility in conference report
- Visibility in social Media Recap

GOLD PACKAGE

\$7,500

- Acknowledgement with logo on the Event Website
- Acknowledgement with logo on all promotional materials
- Logo and acknowledgment on all emails to potential exhibitors and visitors
- 24 sqm Exhibition Stand in special reserved area
- Placement of corporate banners in the conference room
- Logos on Branded materials and giveaways
- Opportunity for promotional material at the conference
- 1 page Advert placement on the conference programme and catalogue
- Speaking opportunity during the conference
- 6 Complimentary VIP delegates pass for the conference
- Visibility in conference report
- Visibility in social Media Recap

SPONSORSHIP PACKAGE

5

DIAMOND PACKAGE

\$5,000

- Acknowledgement with logo on the Event Website
- Acknowledgement with logo on all promotional materials
- Logo and acknowledgment on all emails to potential exhibitors and visitors
- 18 sqm Exhibition Stand in special reserved area
- Placement of corporate banners in the conference room
- Logos on Branded materials and giveaways
- Opportunity for promotional material at the conference
- 1 page Advert placement on the conference programme and catalogue
- Speaking opportunity during the conference
- 3 Complimentary VIP delegates pass for the conference
- Visibility in conference report

ADVERT SPOT FOR EVENT PROGRAMME

- Inside Front Cover: \$1,000
- Outside Back Cover: \$1,500
- Inside Back Cover: \$750
- Full page (Color): \$1,250
- Half Page (Color): \$600
- Centre Spread: \$2,500

(The Artwork size is A4, Either in PDF or JPEG format)

EXHIBITION FEE:

- Booth Stand (min. 9 sqm): \$50 / N55,556 per sqm
- 2 Delegates, Shell Scheme, 1 table, 2 chairs, Facial
- General Cleaning & Security services.

PARTICIPATION

INDIVIDUAL REGISTRATION FEES:

- Foreign Participants: \$500
- Nigerian Participants: N200,000

NATIONAL PAVILLION FEES

- National Delegation Participation & Speaking Fee: N750,000

STATE GOVERNMENT FEES:

- State Government Participation Fee: N500,000

- *7.5% VAT applies to all payments.*

SYNTHETIC APERTURE RADAR (SAR) APPLICATIONS TRAINING

July: 17th - 21st
Aug : 21st - 25th
Sept: 18th - 29th
Oct: 23rd - 27th
Nov: 13th - 17th
Nov : 27th - 1st
Dec : 4th - 15th

GEOAPPS PLUS LTD is glad to announce a Special Applications Training in Synthetic Aperture Radar

OBJECTIVES OF THE TRAINING

Synthetic Aperture Radar (SAR) systems takes advantage of the long-range propagation characteristics of radar signals and the complex information processing capability of modern digital electronics to provide high resolution imagery.

The objectives of the workshop is to improve the ability, capacity and knowledge of the participants in SAR Data applications:

- Reduce over-reliance on optical satellite data for environmental studies
- Take advantage of the all-weather/season conditions and day and night capabilities of SAR Data
- Examine the wide range of data that could be extracted from SAR data
- Explore the interferometry capabilities
- Develop capability in SAR Data extraction
- Hands-on Practical applications to some standing environmental and security issues today

a. REGISTRATION FEE: Two hundred and Fifty Thousand Naira (₦250,000.00) only per participant (for workshop materials, Coffee/Tea, Lunch, fieldwork/laboratory exercises and certificate)

b. ARRIVAL/ REGISTRATION: A Day before Workshop Commencement

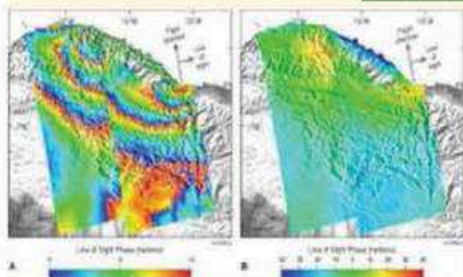

c. VENUE: Prof. Borrifice Ajayi Conference Centre, Obasanjo Space Centre, Airport Road, Pyakassa Junction, Lugbe, FCT Abuja

HIGHLIGHTS OF THE COURSES

SAR Systems Basics
SAR Geometry and Interferometry
SAR Analysis
Data Extraction

Hands-on-Applications:

Forestry
Land
Water
Hazards

NOTE: There are other Specialized Training Courses that are tailored to meet clients' needs particularly in areas of Agriculture, Water Resources, Geology, Disaster Management, Environmental Modelling, Environmental Impacts and Risk Assessments, etc.
